

# Hats

## Verse 1

Hats, were made for your head,  
For when it's cold outside to keep you warm instead. Hats, can  
give you that style,  
And make you lift your chin up, bursting with a smile. But hats,  
can say a whole lot.  
Not so much when they're on your head as not.

## Chorus

Like when you say,  
Hats off, to sunny Saturdays,  
Hats off, to choc'late anything,  
Hats off, to friends loyal and true.  
And that's why we're takin' our hats' off to you.

## Verse 2

Hats, are brimming with fun.  
That's why on New Year's Eve you wear a funny one,  
(stick out your tongue) blehhh!  
(Voice 1) And hats,  
(Voice 2) The very same hats,  
(Voice 1) Can cover your hair,  
(Voice 2) Can cover your hair,  
(Voice 1) But they can mean more when you hold them in the air.  
(Voice 2) Way up in the air.

## Chorus

To you!
