

Chapter Websites

By Eileen McNally, Webmaster for Alpha Delta State emcnally2535@windstream.net

Many chapters want to have a website, but feel the expertise and cost prohibitive. Now almost anyone can put together a simple site and it will cost you only a one time charge of \$15 to certify your site with International and have a link on their website to your chapter. Below are documents that will guide you through every step. This very site of Alpha Delta State is constructed with Weebly. Download the documents and give it a try.

Drop me a note if I can help. I will even come to you to help establish your website. Just let me know.

Follow the documents in order below and you will have a wonderful chapter website.

START HERE: [Standards for Society Website Certification](#) (Form 72a)

USE : [How to build a chapter website using Weebly](#) (PDF - revised September 2013)
This document covers the "new" Weebly

READ: [Building a Stylish and Standards-Compliant Website](#) (PDF)

USE: [GRAPHICS TO USE ON YOUR WEBSITE](#)

READ: [Policy for Digital Communications](#)

Verify: [CHECK COPYRIGHT ISSUES](#)

Note: I am collecting Release Forms for all members of ADS. As such, your chapter website is covered if your membership submits forms. This also covers your chapter newsletter that is published on your website. Please access the [Release Form HERE](#).

END HERE: [Society Website Certification/Re-Certification Request](#) (Form 72)
(a one time \$15 fee to set it up)

Recertification due in 2015!

Those chapters with existing websites must re-certify in 2015. The Standards sited above may change later this year. Check the ADS website in early 2015. If you need assistance or have questions, let me know.
